MATH NOTES:

- Math 10 Cohort IB is a prerequisite for Math IB, Chemistry IB, and Physics IB.
- Math 10 Cohort IB is **not** required for Business Management IB or Biology IB. However, Math 10C will be scheduled in semester 1 if choosing Biology IB.

BAND NOTES:

- Students registering for Instrumental Music 10 Wind/Brass/Percussion **must** also register for Band multi-level (2 mornings per week outside of timetable). Record the course directly below Instrumental Music 10 Wind/Brass/Percussion, in addition to recording the name of your instrument.
- If your IB courses do not allow for a Wind, Brass, or Percussion music class to fit inside your timetable, you may request to take Band only.

*** INSTRUMENTAL MUSIC:**

Wind: Flute, Oboe, Clarinet, Bass Clarinet, Bassoon, Alto sax, Baritone sax, Tenor Sax

Brass: Trumpet, French horn, Euphonium/Baritone, and Tuba

Percussion: Drums, Mallet instruments, Acoustic (upright) string bass

Partial Certificate: What is your intended IB program for high school? (choose a min. of 2)

This may not be what you actually apply for in November of grade 10, but we want to ensure you have the right prerequisites.

Language Acquisition Notes

French Immersion Students:

Several options here...

- The highest level of French that we offer is French B SL. This does not compare in difficulty to FLA. However, it will give you an opportunity to keep practicing your French and honing your grammar and writing skills as well.
- If you don't plan on pursuing French IB, you can go straight into regular French 30 in grade 10 so that you have a 30-level credit for French that you can use for university application.
- If you did late immersion and you plan to take French IB, you can take French 30 in grade 10. Then you will take French 30IB in grade 11 without credits, but it will be a slightly different course. Finally, you will take French 31IB in grade 12. Each course is one semester. Alternatively, you can take French 20 in grade 10 to hone your grammar skills before entering French 30IB in grade 11. This way you can still earn credits.
- If you did early immersion and feel very confident in your French, you can skip French in grade 10 and (if accepted into IB in November based on your other subjects) go straight into French 30IB in grade 11. You can also take French 30 in grade 10. (See late immersion details.)
- You can choose another language to study.

Spanish Bilingual Program Students:

The only Spanish IB program we offer is Spanish *ab initio* so a Spanish IB program would not be possible. It is meant for new learners only. However, you can enroll directly in and complete Spanish 30 in our regular program. If you want an IB language, you will need to choose a different language to study. There are NO challenge exams for IB. There are a required number of instructional hours that cannot be skipped. A Spanish bilingual student could not take Spanish 20/30 *ab initio* either as this is a course for beginners only. Thus a Spanish 20 *ab initio* student would only have one year of Spanish experience, not 9 years of bilingual experience. These are not CBE rules, but IB's and they ensure a fair and appropriate program for new language learners. Spanish students may want to look into getting DELE certification if they want their previous language skills to be recognized for future opportunities. We do not offer DELE certification here, but your junior high teachers may have more information. Language acquisition is only required in our full diploma program, not a partial program. Also, students with a Spanish background tend to do very well with French *ab initio* and having a third or fourth language is also advantageous.

Mandarin Bilingual Program Students:

If you do not intend to take Mandarin IB, you can register for Mandarin 30 at Churchill. We do not offer challenge exams. If you want to take Mandarin IB, you must take it through The Chinese Academy (TCA) on Saturdays at their Diefenbaker campus. TCA is the only Chinese school authorized to offer Mandarin IB. You cannot take Mandarin at both TCA and Churchill as TCA will award Alberta Education credits for 10/20/30.
